## May 2017 Technical Dinner Meeting

Presentation Title  
**Renewable Energy**

Speaker  
**Mr. Mohammad A. Abunayyan**  
**Chairman, ACWA Power**

With a proven track record of achievements and successes which positioned his name among the most influential business leaders in Saudi Arabia, Mohammad A. Abunayyan proves himself as one of the most prominent business leaders of the Saudi industrial and investment sectors. With an in-depth expertise and experience extending over three decades in the industrial and investment sectors in Saudi Arabia, Mr. Abunayyan is responsible for driving the company, putting its vision and strategy into action to make it a leading company in the electricity and water desalination sectors locally, regionally and globally. In addition to his position as a Chairman of ACWA Power, Mr. Abunayyan is a board member of many leading, companies in Saudi Arabia, occupying leadership and executive roles in the most prominent and well-known companies in the Kingdom. Over 11 years, Mr. Abunayyan successfully managed to position ACWA Power as the second-largest developer and operator in the electricity generation and water desalination sectors in GCC countries, making it a robust competitor among the global players within a growth and expansion strategy which enabled the company to address the needs of more than 10 countries in 3 continent to power and water.

### Abstract

Renewable Energy (RE) has become the most competitive solution for the segment of energy we consume when the sun is shining or the wind is blowing even when compared to the alternative where fossil fuel is subsidized. ACWA Power is proud to be showcasing the extra value offered by large-scale RE deployment (solar PV and CSP to wind) through developing local content in both goods and services leading to much needed employment creation and investment in local communities.

**Location:** Le Meridien Al-Khobar Hotel
